

“A Matter of Life and Death, Spiritual Life or Operational Death That Is” *John 10:10*

Believers in Jesus Christ are all different and there's nothing whatsoever wrong with that but although we are unique, we all find ourselves securely in the same omnipotent Hand of God!

This is the age of knee, hip and shoulder replacements and God always being ahead of the curve, knew that we all would need a total replacement of all of the scar tissue in our souls and distortion in our subconscious minds that we accumulated in the devil's world.

True wealth is not measured by God in terms of materialistic things but in terms of what we have in our thought lives.

The spiritual life is a process, a system of values we are to retain every day of our lives regardless of any setbacks we may face.

Spiritual production and spiritual skills are the basis for our Christian service but our spiritual skills **MUST** precede our production skills.

The spiritual life is not only the energy of the Christian life but it has a practical application to every phase of our experience on earth.

Our post-salvation spiritual life is related to the function of our souls in thinking, in motivation, in decision and in action.

We do not glorify God by allowing any of the difficulties of life to become the inside pressures of stress in the soul.

If we try to put the spiritual life into any system of legalism, we spoil the entire experience and therefore, it cannot function as intended by God.

The transfer of the outside pressure of adversity to the inside pressure of stress in the soul is like pouring new wine into an old dilapidated wineskin.

When learning, believing and applying biblical truth does not have number one priority in life, we have no choice but to rebel and sin and deprive ourselves of truth from our own negative reaction.

The only people who derive any blessing from the future are those who have a vibrant spiritual life in the present because they have confidence with regard to living as well as dying so, they're not the least bit afraid of death!

At the moment of salvation, every Church Age believer receives his very own spiritual life tailored to his own soul and his own personality.

The spiritual life contains individuality and uniformity of common procedure and

I cannot emphasize it enough; The purpose of the spiritual life is **NEVER** to change your personality but to give your personality the expression that God designed for it in providing your very own unique spiritual life.

This is why biblical truth and the filling of the Holy Spirit must have number one priority in our lives after salvation and since the filling of the Spirit plus an indoctrination of the mind of Christ are mandated for all believers; we have to undergo a change, **NOT** a superficial one in personality **BUT** one in our scale of values.
