

**“My Faithfulness To God Comes From Recognizing His Faithfulness To Me”**

**(The Jeshurun believer) Deuteronomy 32:15, 33:26; Isaiah 44:1-4**

Jeshurun is that unique group of mature believers that think that biblical truth is more important than anything else in life.

The Jeshurun are ordinary people with extraordinary impact.

Spiritual maturity plus biblical invincibility plus laser focus on the Lord Jesus Christ plus momentum testing equals maximum glorification of God or the status of Jeshurun.

Jesus Christ controls history as the God of Jeshurun and remember, what the righteousness of God approves (deliverance through Jeshurun), the justice of God blesses but always in the love of God as

a grace gift for those involved in the invisible heroism of Jeshurun.

In the Jacob status (as a new believer or an ignorant or arrogant older believer), fear is a distraction but in the Jeshurun status, fear of living, dying and death is removed by the successful execution of the spiritual life!

Any believer in Jesus Christ who lives by fear is intimidated by life itself.

In a state of one emotional sin, Moses repeated all the sins of all Israel proving what the righteousness of God condemns, the justice of God judges.

The Jeshurun are the human agents by which Jesus Christ controls history when a favorable percentage of mature believers is gone.

Our experiential sanctification is our harmonious, intimate, genuinely satisfying rapport with God.

Our spiritual life is the reproduction of the integrity of God in us and it will face integrity tests along the way which are far more important than anything else that will happen to us.

Our spiritual life gives us a unique opportunity to enter into a permanent state of greatness with God; a harmonious walk with Him and Him only; not with people and certainly not with circumstances.

Both in time and eternity, believers are classified as either winners or losers and the winners are Jeshurun believers.

All historical blessing and prosperity in the Church Age for individuals or nations results from unknown, unnamed believers who are living in Jeshurun and advancing to greater-grace status, thus forming a dominant percentage of invisible heroes.

The Jeshurun winner will be at the Rapture because all Church Age believers are resurrected at the same time. The voice command of the archangel is for living believers and the trumpet command is for dead believers when their corruption takes on incorruption!
